2. Therefore, claims ~~12-39~~¹⁻³⁹ are allowed. The following is an examiner's statement of reasons for allowance: the prior art(s) of record fails to teach combined limitations, as claimed, therein. Specially, the prior art(s) of record fails to teach, determining multiple set of first keys and a second key corresponding to group of data in a first storage unit and second group of data stored in second unit, respectively and designating and transmission and comparing the second key with the multiple set of first keys and determining for appropriate actions based on the result of the comparison. For instance, transmitting data from a designated source to a designated receiver, if the comparison shows that the keys does not match and leaving the data in the designated receiver unchanged, if the second key does match with at least one of the first key. The reason of allowance is given in light of specification and remark on pages 2-6, filed 7/26/2001, which clearly distinguished over prior art(s).

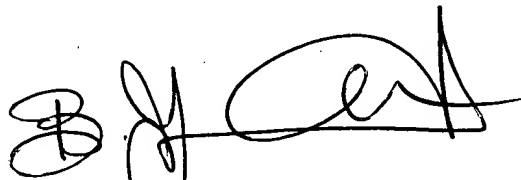

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
